

Wardrobe favourites for the modern urban nomad

THE NEW CAREN PFLEGER AUTUMN / WINTER 2016 COLLECTION

The new Caren Pfleger Autumn/Winter 2016 Collection impresses with modern, timeless and elegant looks – a proven combination between glamour and practicality, quality and simplicity.

A time where global connection has become a matter of course and where it's easy to feel at home anywhere in the world, calls for fashion that supports a dynamic lifestyle. We at Caren Pfleger have made it our mission to meet this need by focusing deliberately on wearable and easily combinable all-time favourites that let their wearer shine in a feminine elegance – anywhere.

Caren Pfleger's bestselling travel wrap made of high-quality cashmere is a symbol of the modern urban nomad: it is a cuddly companion when travelling and protects you from cool autumn nights out.

This season's mood focuses on loose blanket-style coats that highlight the feminine form. The collection is effortlessly chic with high quality materials, clean cuts, subtle hues, a distinctive style and a perfect fit.

Thanks to the exceptional quality of each Caren Pfleger garment, they are faithful companions and are sure to become part of your treasured moments and memories.
